Successful Public Test of Election Equipment in Wakulla County

Wakulla County, FL – Today, the Wakulla County Canvassing Board completed a successful public Logic & Accuracy Test for Wakulla County's 2026 Primary Election.

The Logic & Accuracy test confirmed that the scanners are reading every position on the ballot and counting votes accurately.

Election supervisors are required by Florida law to use election equipment that meets the state's stringent certification standards, and to perform Logic & Accuracy Test under the supervision of the Canvassing Board before every election. Now that the test is complete, the equipment has been sealed and kept secure until being deployed to voting locations.

After the election, the Canvassing Board will oversee a public post-election audit to verify the accuracy of the reported results.

Members of the Wakulla County Canvassing Board include County Court Judge Brian Miller, Jessica Welch, and Supervisor of Elections Joe Morgan.
